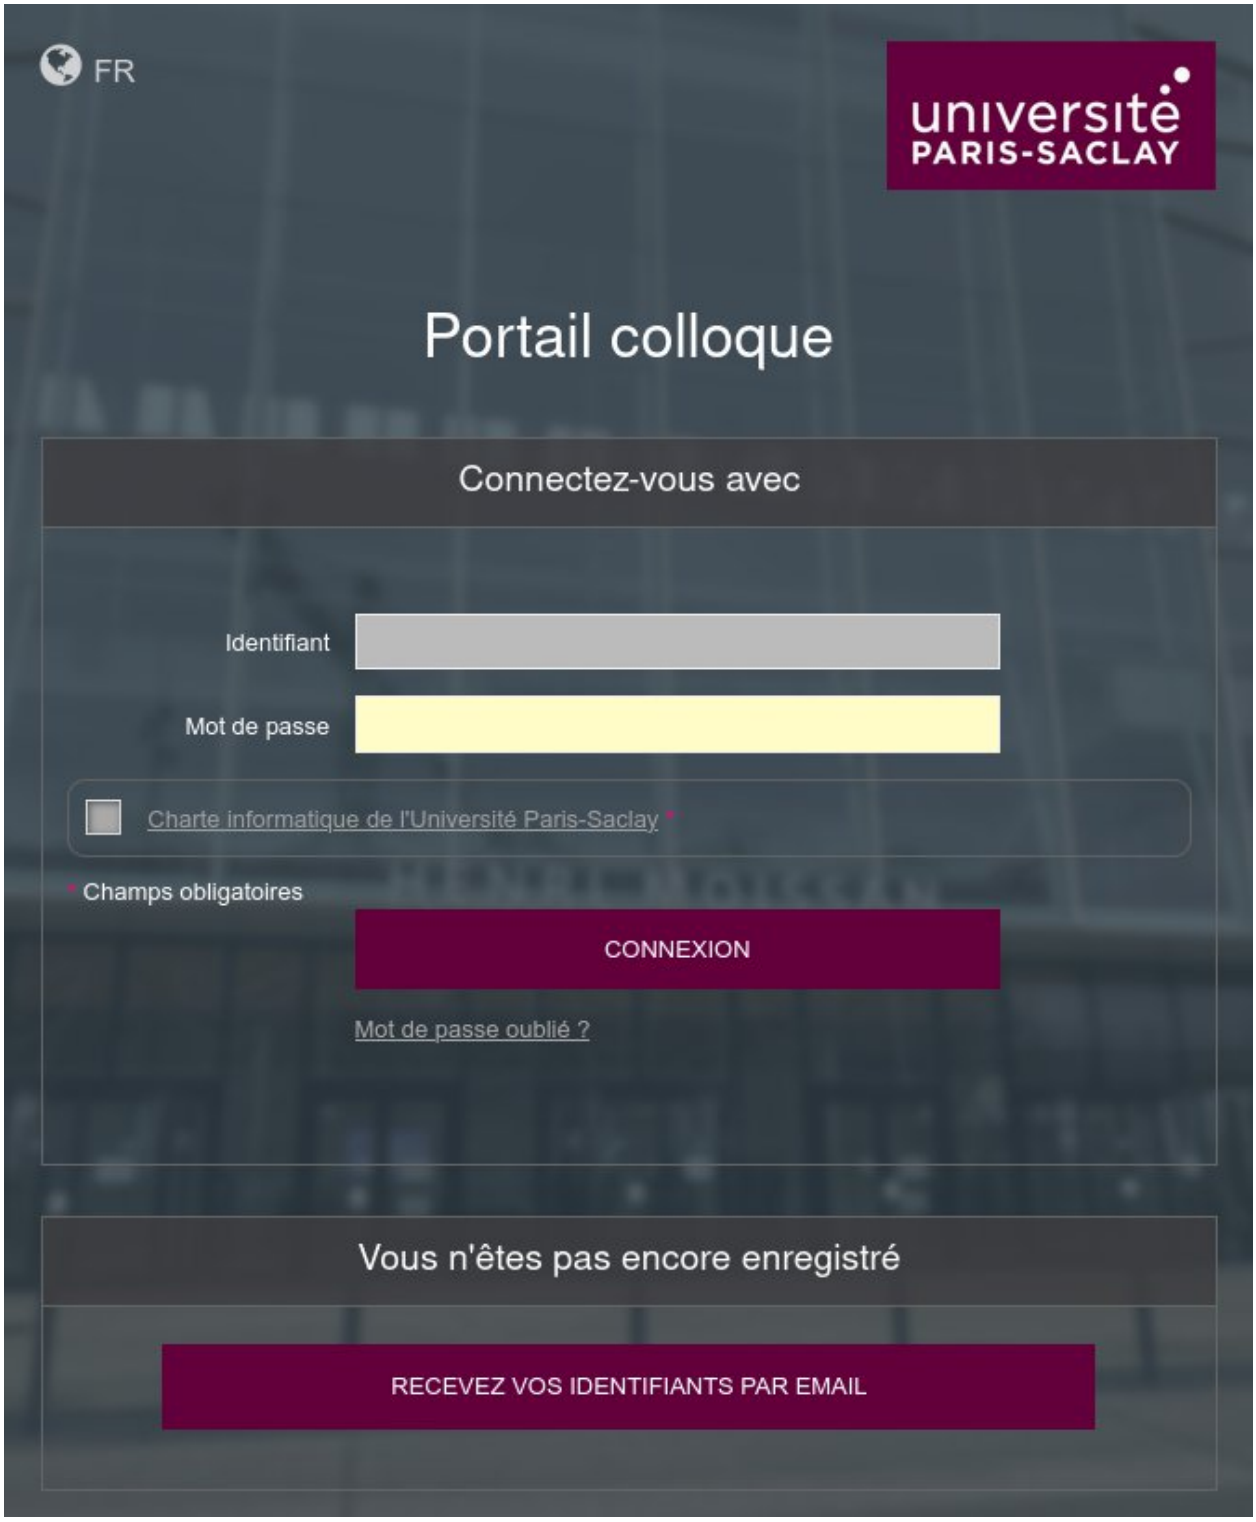
Connection to the “Colloque” Wi-Fi network

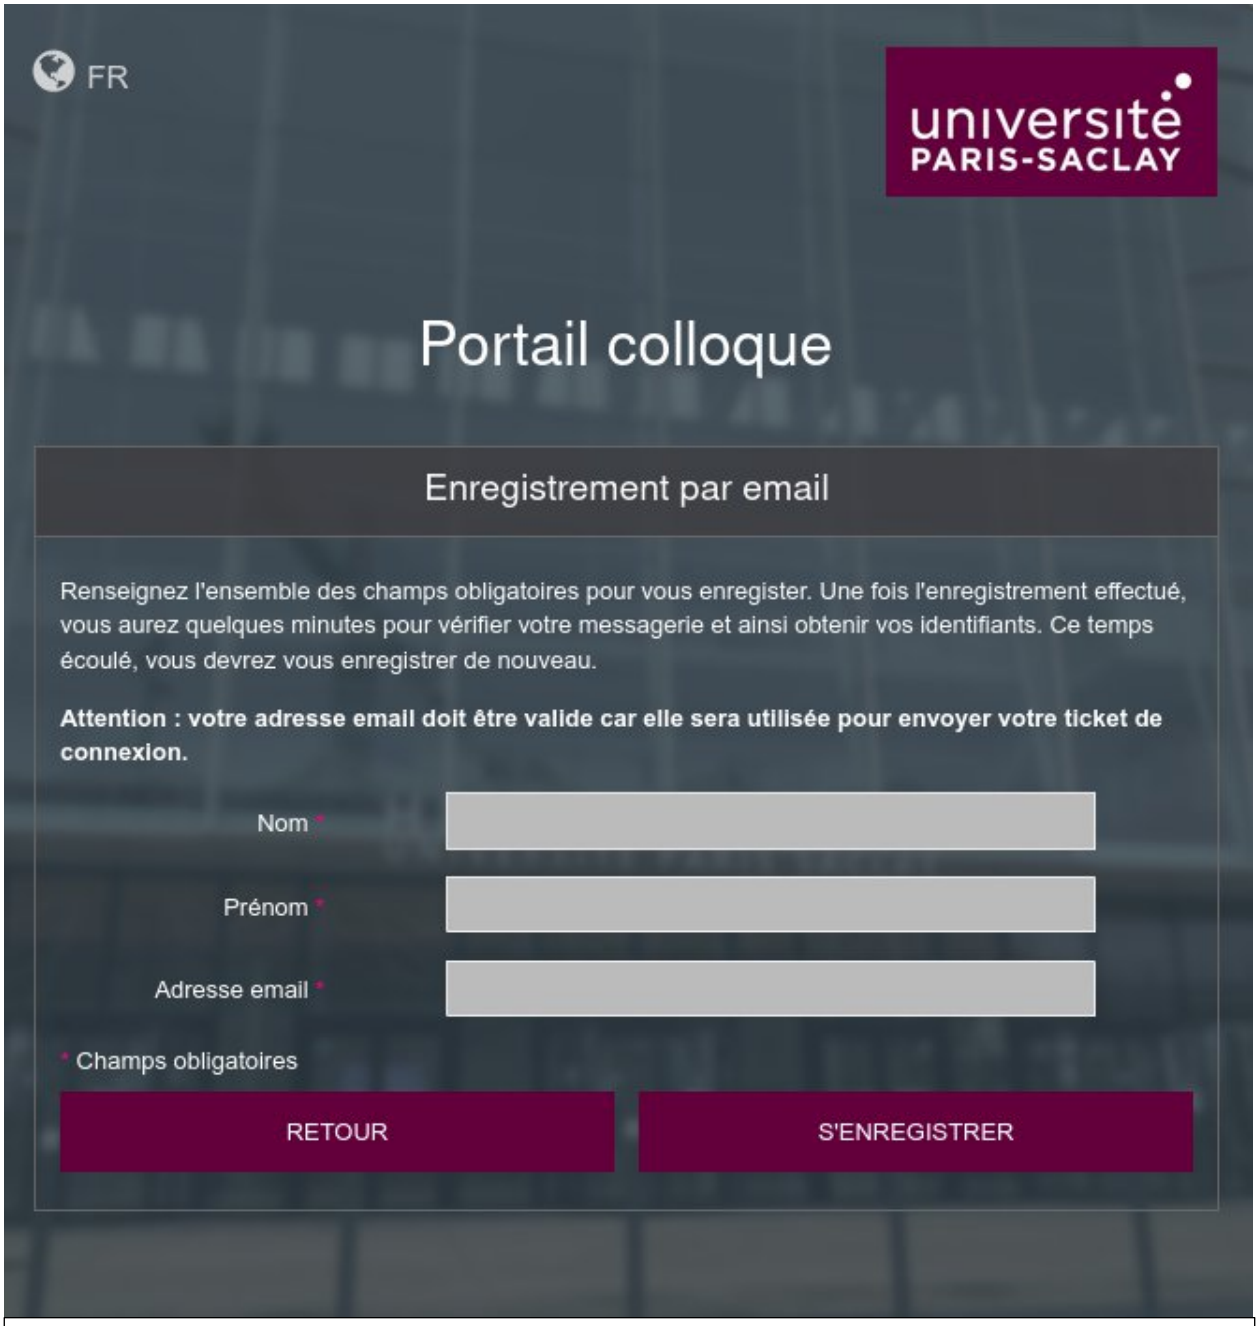
Connection to the “Colloque” portal

When you are connected to the “Colloque” Wi-Fi network, you must first enter the access password for the portal. To obtain this password, please contact the administrator of the “Colloque” Wi-Fi network.

If you do not have an account, click on the « recevez vos identifiants par email » / « Receive your credentials by email » button.



The following page appears; fill out the form with a valid email address (it will be used to send you your Wi-Fi network login credentials).



Attention

Once you have submitted your registration form, you will be able to retrieve your "Colloque" Wi-Fi network login credentials from your email inbox for 5 minutes. After that, your connection will no longer be available.

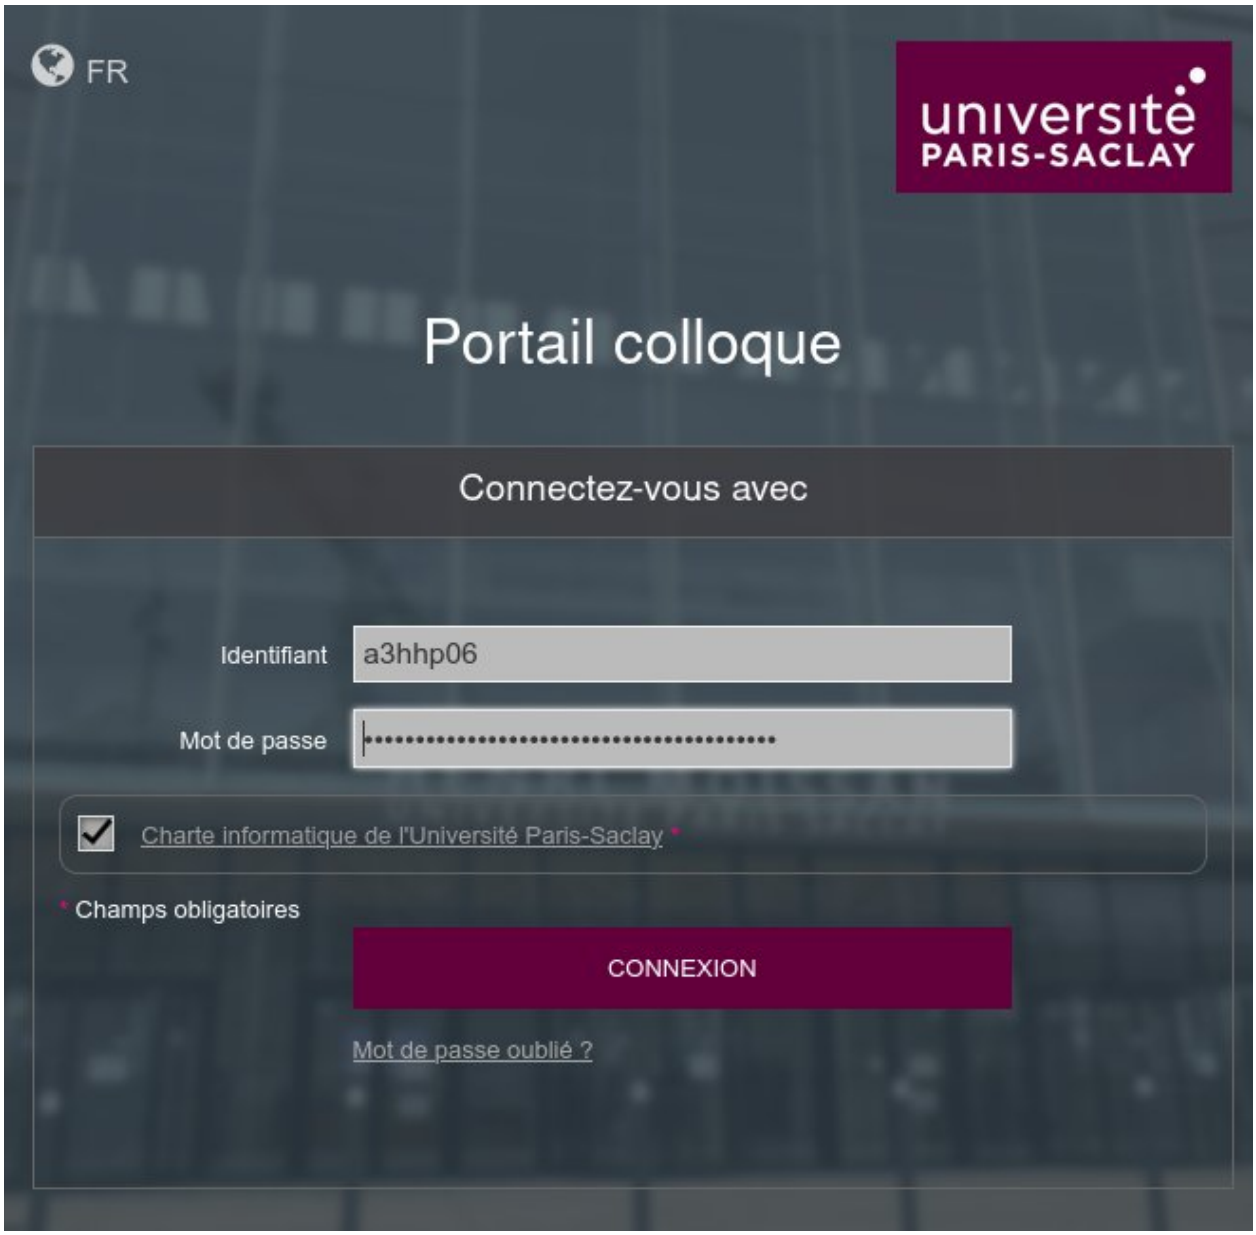
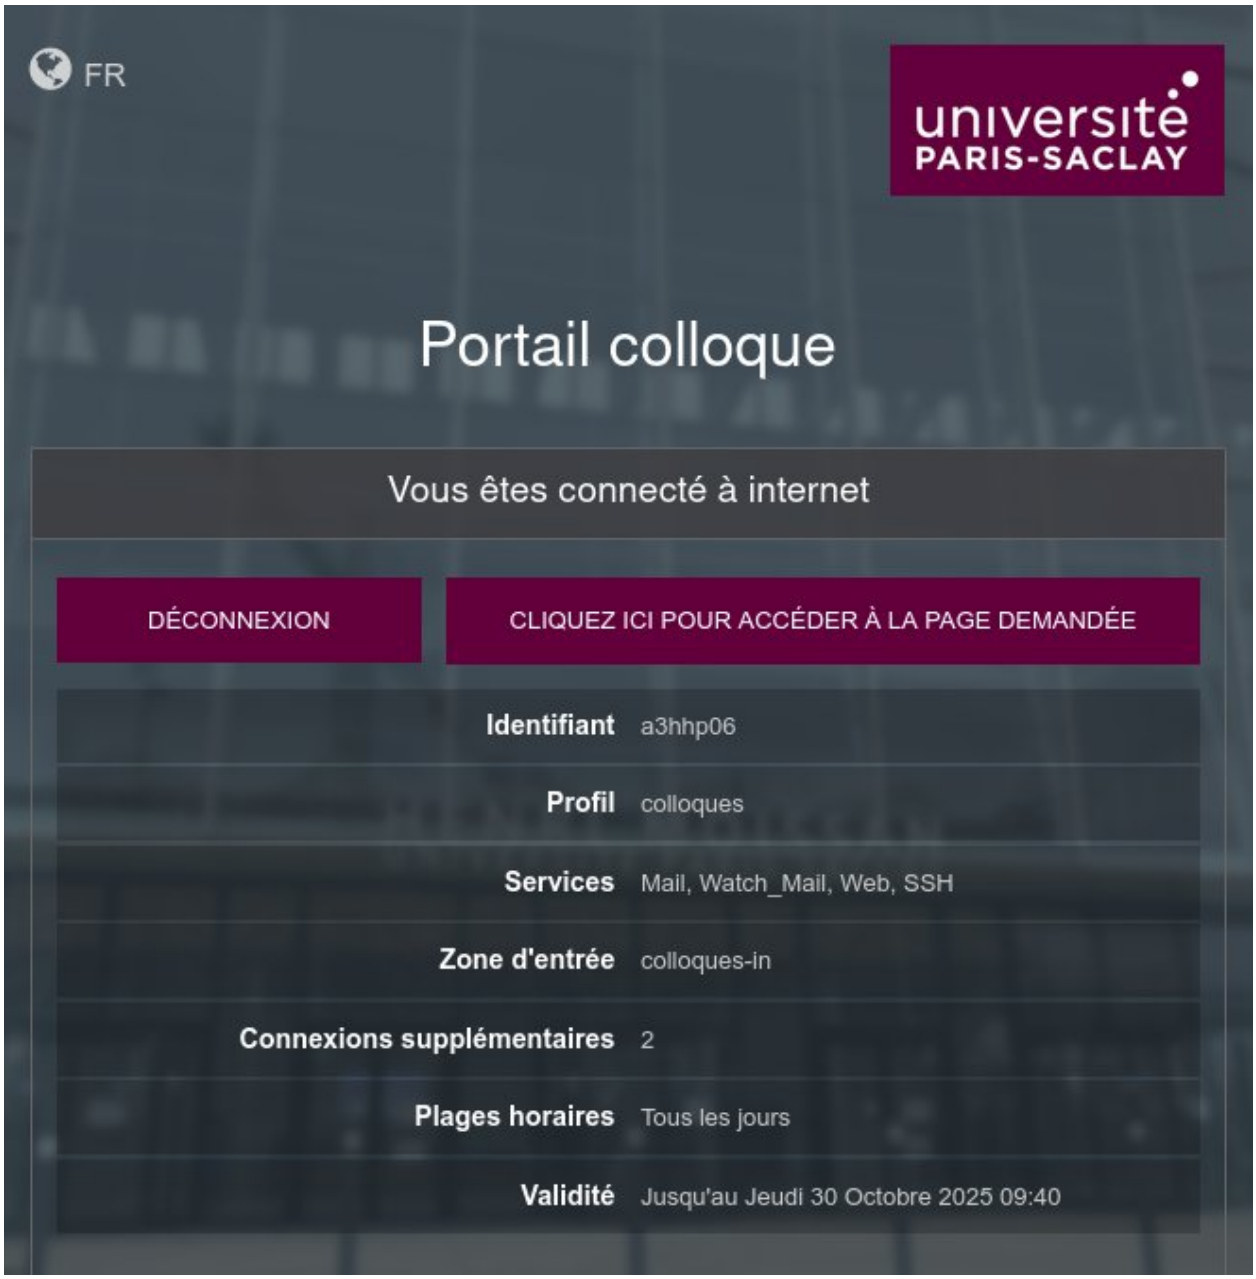
Once you have received your credentials, return to the portal:

- Click on Logout/deconnexion if you are connected with the temporary profile.
- Enter your credentials.
- Accept the Charte informatique / IT policy.
- Click on Connexion / Login.





The login page appears, and you now have access to the internet:
